

3 Way Carrier User Guide

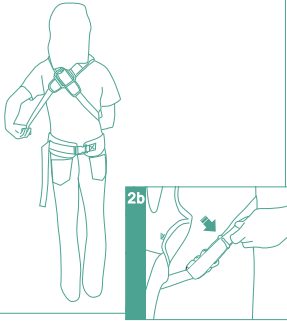

IMPORTANT :
KEEP FOR
FUTURE REFERENCE

1

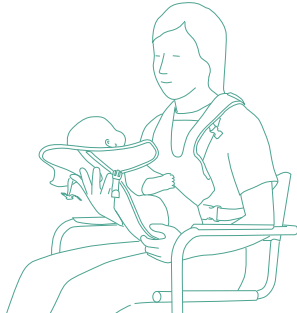

The padded lumbar support passes around the waist and buckles into place at the back of the carrier. Adjust the strap until you feel comfortable.

2

Pass the padded straps over your head, cross over your back and buckle into place at the 2 sides of the carrier. Adjust the webbing straps to ensure the correct fit.

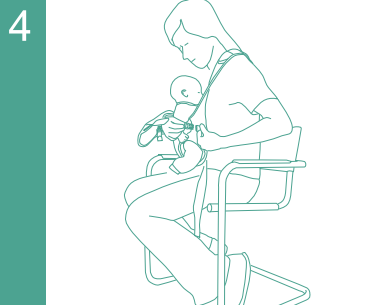

3

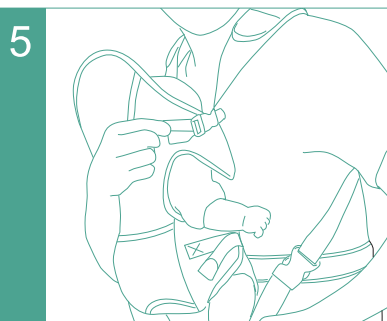

Sitting down, lay the carrier on your knees. Place baby into carrier.

IMPORTANT : ALWAYS test to ensure all the buckles are securely locked and the straps are correctly adjusted and fitted BEFORE USING THE CARRIER.

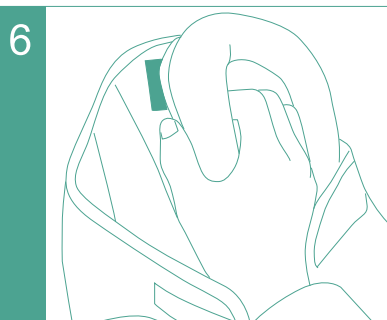

2 Inward Facing Position

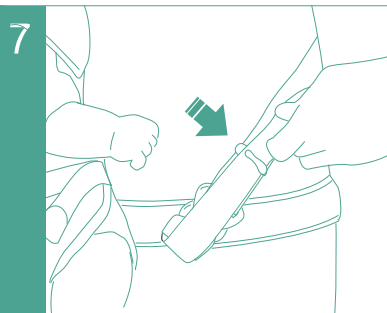

Remaining seated.
Attach the fasteners and buckles on the two sides of the carrier.
Adjust the straps to ensure the correct fit.

Attach the buckles and fasteners on the sides of the carrier and adjust the straps so the back support fits comfortably and securely against baby.
Baby should be upright and their weight distributed evenly in the carrier.
Attach the dribble bib supplied if required.

The adjustable head hugger can be attached to the fasteners on the inside of the head support, if required.

Free ends of webbing can be placed into the tab(s) to keep tidy.

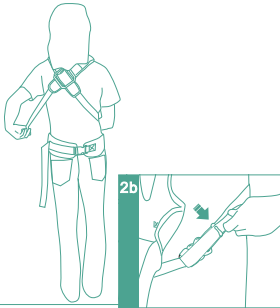

IMPORTANT : ALWAYS test to ensure all the buckles are securely locked and the straps are correctly adjusted and fitted **BEFORE USING THE CARRIER.**

You need another person to help you to put your baby into your carrier.

1

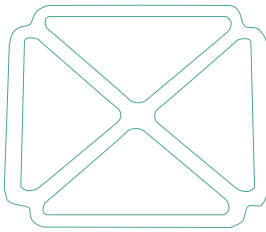

Place the carrier on a flat surface. Put the baby into the carrier and attach the fastenings and buckles.

2

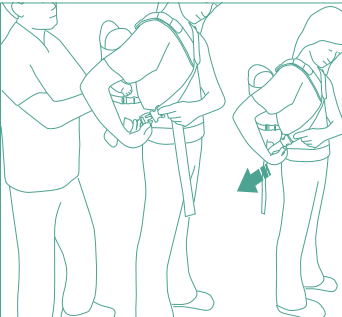

Have someone to help you hold your baby at your back. Fasten the waist belt with the buckle and adjust the straps until it feels comfortable.

3

The crossover strap holder can be removed if not required

4

Have someone to help you to hold the baby at your back. Cross the straps and attach the side buckles, adjust the straps as required. Baby should be upright and their weight distributed evenly in the carrier.

5
