

Koala Cuddle

- Ensure the bottom railing is pulled up well behind baby's knees
- More suited to babies old enough to hold their head upright

side saddle

- Ensure the bottom railing is pulled up well behind baby's knees
- Top railing is pulled up to baby's armpits or higher

Sleeping Tiger

- Great for newborns! Place baby as in Easy Tiger; only this time pull them down deeper into the hammock so they are in a horizontal position
- Perfect for breast feeding on the go (see breastfeeding section)

piggy back

- This one starts with buckle at the front! Once baby is on your back pull the top adjustment strap nice and tight
- Ensure the bottom railing is pulled up well behind baby's knees.
