## preparation for use

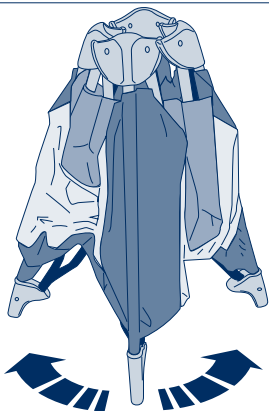

1

Unzip the travel bag and remove the frame and mattress.

Undo the fastening straps that hold the mattress in place around the frame.

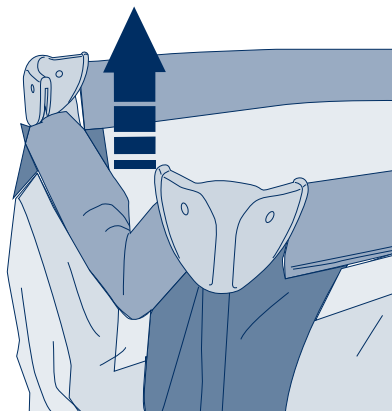

2

Place the frame with its feet on the floor.

Pull the feet apart so they are approximately 60 cm / 24" apart.

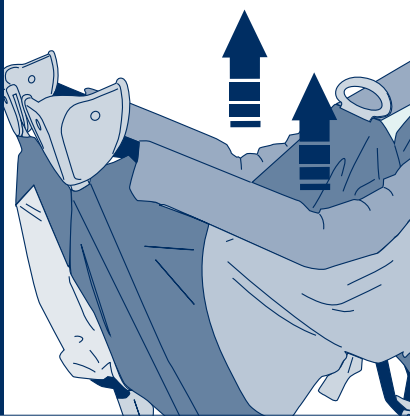

3

Lift the short sides of the cot upwards until they lock in to position.

If you have difficulty locking the top rails, lift the centre of the base higher, and try again.

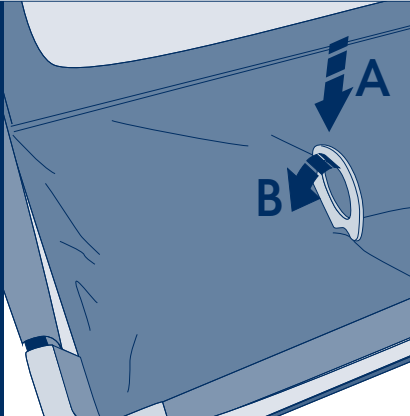

4

Repeat with the long sides of the cot.

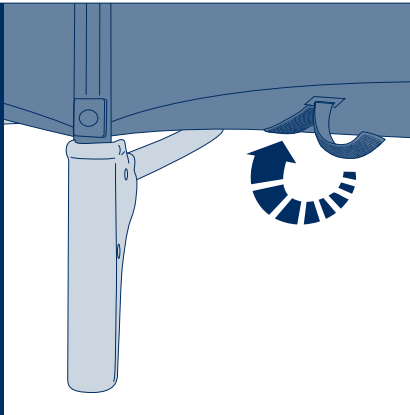

Check all sides have locked by pressing down at their centres.

5

Push down the centre of the base (A) then press the handle down flat (B).

6

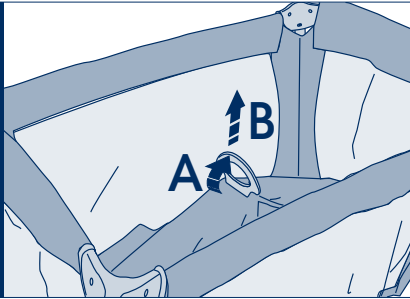

Place the mattress in the cot with the padded side facing up.

Pass one strap at each end of the mattress through the slit in the cot fabric, and fasten underneath.

## folding the cot

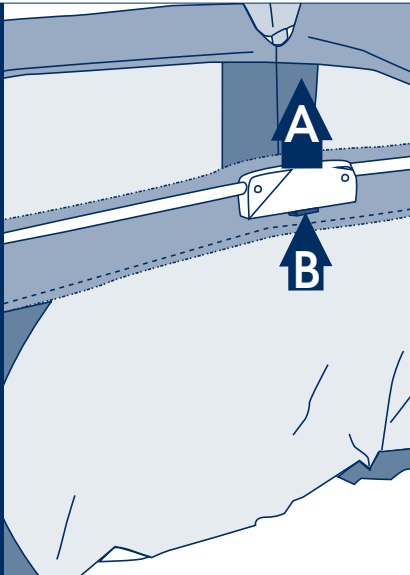

1

Remove the mattress from inside the cot.

Lift the handle in the centre of the base (A) and pull upwards (B). The cot will start to fold.

2

At the centre of each top rail is a lock with a squeeze button on the underside.

Start with the two long sides. Locate each button, then gently lift the centre of the rail (A). Squeeze the button (B) while pushing down the side rail.

Repeat for the short sides until all four sides are unlocked.

Note: If you have difficulty unlocking any top rail, lift the base slightly higher (see diagram 3 below) before squeezing the release button.

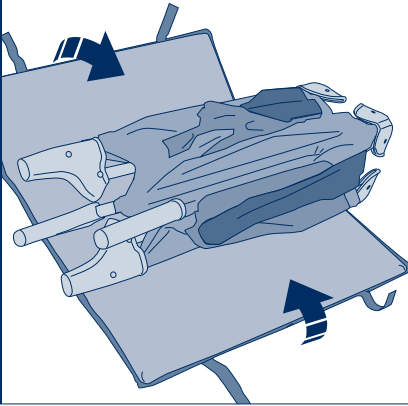

3

Pull the handle at the centre of the base fully upwards to complete folding of the cot.

## packing the cot

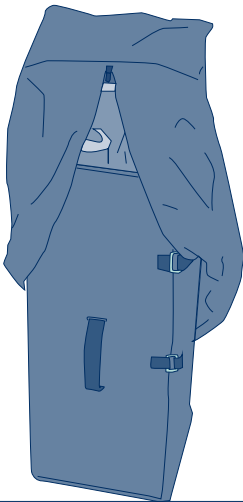

4

With the padded side of the mattress on the inside, place the cot on the open mattress and wrap the mattress around the cot.

Pass the fastening straps through the plastic rings on the opposite straps and fasten.

5

Stand the cot up and pull the carry bag over the top, ensuring the carry handle is on the same side as the zip.

## 5

## care of your product

The mattress, fabric and frame can be sponge cleaned with warm water and a mild detergent.

The carry bag can be machine washed at 40 °C.

Never clean with abrasive, ammonia based, bleach based or spirit type cleaners.

Allow all parts to dry thoroughly before using or storing.

## 6

## safety notes

- This cot is designed for use by a single child who is less than 15 kg / 33 lb and less than 85 cm / 33" tall.
- Keep all children away from the cot during assembly and folding.
- The cot must be fully open and locked before putting your child inside. Failure to lock the top rails presents a safety hazard.
- Do not use the cot without the mattress.
- Do not put anything into the cot that may provide a foothold to allow your child to climb out e.g. large toys, or that could cause suffocation or strangulation.
- String and ribbons can cause strangulation. Do not place toys attached to cords or ribbons around the cot.
- Do not use the cot near strong sources of heat e.g. Open fires, electric bar fires, gas fires etc.
- Keep the cot away from trailing cords and flexes.
- Do not move the cot with the child in it.
- The cot is for static use only and is not to be used in any moving vehicle.
- Do not use if any part is broken, torn or missing.
- Only replacement parts supplied by Mothercare should be used. Others may render the cot unsafe.
- For correct and safe fitting the mattress to be used with this cot should be not less than 94 cm in length and 64 cm in width nor more than 98 cm in length or more than 68 cm in width.
