

Seat unit instructions

pick & mix wrapper fitting instructions

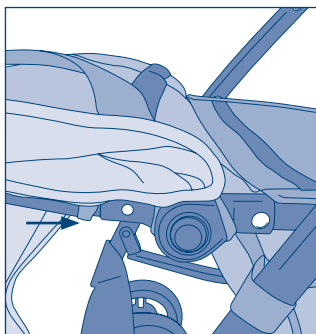

- this seat unit and hood are only compatible with the pick & mix chassis
- the pick & mix chassis and seat unit is intended for children from 6 months and up to a maximum weight of 15kg

Read these instructions carefully before use and keep them for future reference, your child's safety may be affected if you do not follow these instructions

WARNING - This product is not suitable for running or skating. Refer to pick & mix chassis instructions for important safety and user information.

attaching the seat unit

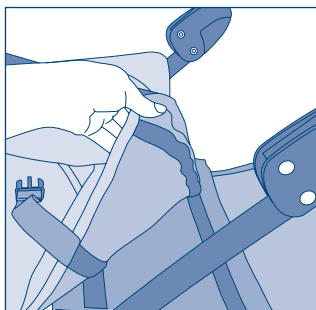

fig 1

Warning! ensure all locking devices are engaged before use.

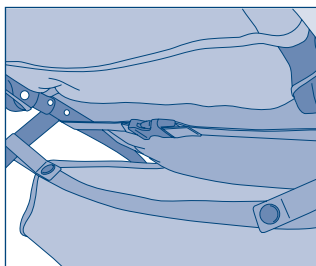

Feed the bottom of the fabric seat unit over the two footrest poles.

fig 2

Fold the seat back so that the touch fasteners secure the bottom of the seat unit in place on the chassis.

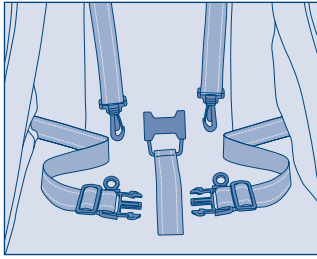

fig 3

Secure the clasp underneath the seat unit.

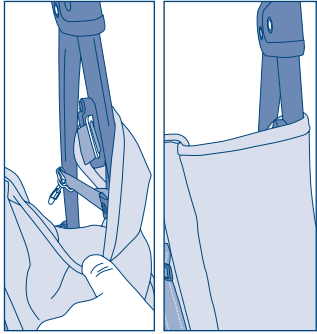

attaching the seat unit

fig 4

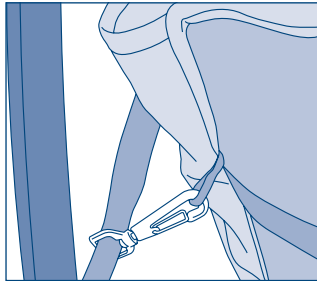

Feed the two harness prongs through the slots on either side of the seat unit.

fig 5

Take each top corner of the seat unit, wrap it around the outside of the chassis arm and secure the metal tab in the holder as shown in the diagram.

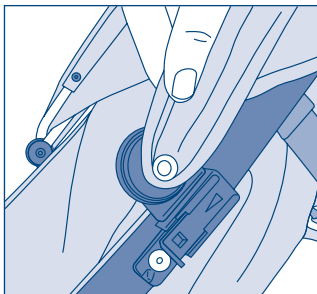

fig 6

Fasten the clips on the strap behind each top corner to the elastic hooks on the back of the seat unit.

attaching the hood

fig 1

Slide each end of the hood into the corresponding slots on each side of the stroller frame. There are touch fasteners on the back edge of the hood. Attach these to the touch fasteners on the back of the seat unit.
