Child's Slatted Bed

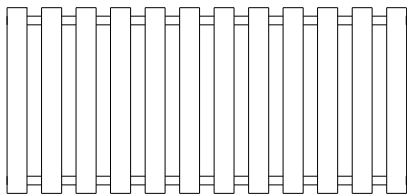

User Guide

IMPORTANT. RETAIN FOR
FUTURE REFERENCE -
READ CAREFULLY

1. Checklist

2 ends

1 set mattress slats

2 Mattress Rails

8 Long Bolts

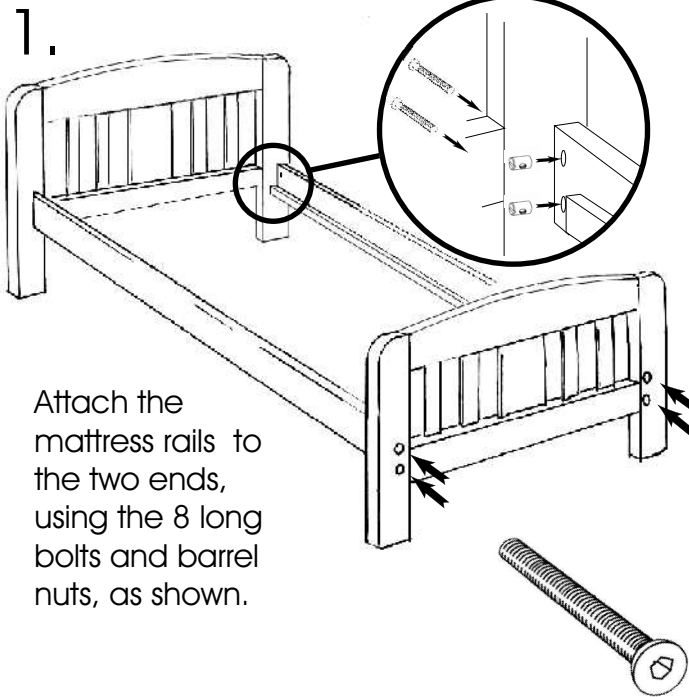

6 screws

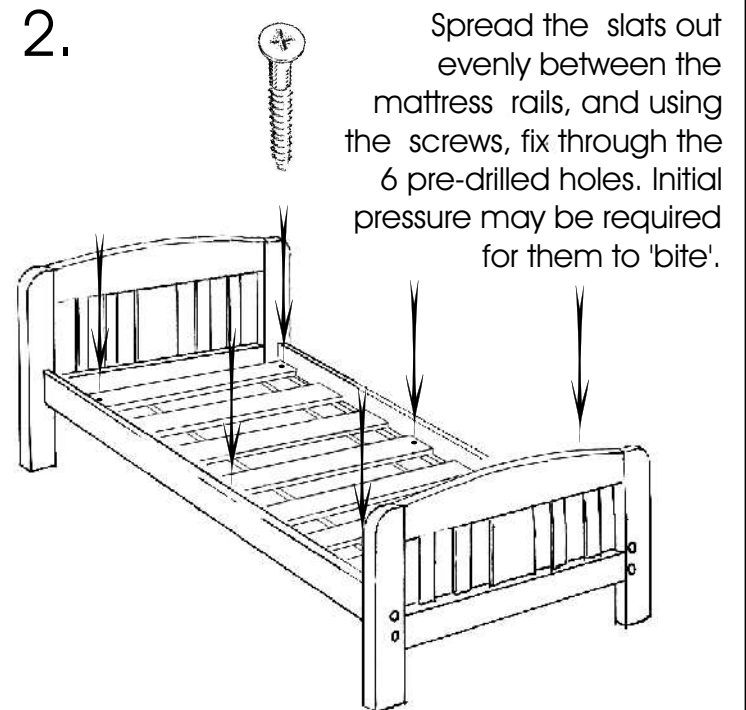

8 Barrel Nuts

2. Putting the Bed Together

Attach the mattress rails to the two ends, using the 8 long bolts and barrel nuts, as shown.

Spread the slats out evenly between the mattress rails, and using the screws, fix through the 6 pre-drilled holes. Initial pressure may be required for them to 'bite'.

3. Care and Safety

- Periodically check all fittings to ensure that none have come loose.
- The bed must be set up on an even and stable surface.
- Clean your bed by wiping with a damp cloth & drying with a soft cloth.
- Never clean with abrasives, chemical cleaners or household polishes.
- Keep away from direct sources of heat, such as electric, gas or coal fires.
- Take care when handling or moving the bed. Careless handling can damage wooden furniture.
- Bouncing on, or using this bed other than for its intended purpose, could cause damage to the structure or serious injury to your child.

MATTRESS SIZE: The recommended mattress to be used with this bed should measure 190cm x 74cm (6'3" x 2'6")
